RA

Rahul Arora — Founder & Lead Trainer

For 5+ years I have handled 100+ clients in the UK, USA, Australia, New Zealand, UAE and India — from global IT companies to dental clinics, eco-friendly products, logistics, furniture, automotive and NDIS providers — ranking websites, running ad campaigns and bringing in leads.

"I teach exactly what I do for paying clients. If it doesn't work in the real world, it doesn't go in the syllabus."

Ratlam is famous for its sev, gold and sarees — and every one of these businesses now competes on Google, Instagram and WhatsApp. Most local shops, clinics and coaching centres still have no one to run their online marketing. That gap is your opportunity.
